

Unfortunately my family has used Hospice services three times . Uncle Hugh was one of the first patients. Two years later it was my Baby Sister Juanita and two years ago it was Mom .

My favorite memory of Bobby's has to do with meeting Tim during my sister Juanita's stay. On an evening when visiting my sister, she decided she wanted a nap, so I was laying back on a recliner contemplating what lay ahead and feeling pretty low.

I had been there quite a while with the lights out so I guess no one realized I was still there. Well just as Juanita woke up the door opened up and in danced Tim to give a us a laugh. I will be ever grateful for the smiles and laughs Tim and the other staff brought us at such a dark time . On behalf of the McGill Family thank you for the kindness, dignity and respect you gave our family!

HUGH MCGILL
